Your board should steer, not take the minutes.

Agendas, minutes, bylaws and policies matter. They just shouldn't eat your leaders' evenings.

We handle the governance work that keeps an association healthy and protected. Your board gets clean agendas, accurate minutes and policies they can find. We build strong financial controls with every client, so your board stays at the table for every significant decision.

WHY TVDA OVER A BIGGER FIRM

Your board steers. We handle the work so your leaders can think big picture.

Your money, your decisions. You stay at the table for every major call.

An owner at your board table. At a bigger firm you may be one account of many. Here, a principal sits with your board.

THE SHARED WALK · HOW WE WORK

1 No disappearing act
You see the work while it takes shape.

2 We carry the load
We do everything we can first. Your board steers.

3 You open the doors
Your leaders make the ask. We make it easy.

4 Better every lap
Small fixes along the way beat starting over.

"A board's job is to steer. When good leaders spend their meetings on paperwork, the association loses its best thinking. We take that work off the table so the board can do the job it was elected to do."
